DISCLOSURE STATEMENT

Counselor Training, Counseling Orientation, General Information, and Counseling Fees

Training and Degrees: I received my Master of Arts in Counseling Psychology from Northwest University in 2010. Northwest is accredited by the Northwest Commission of Colleges and Universities. My clinical internship at Providence Hospice and Homecare of Snohomish County, provided me with extensive training in grief counseling. Through my years of private practice, I have gained experience helping individuals navigate relational traumas, depression, anxiety, and self-abandonment. I am credentialed in Washington State as Licensed Mental Health Counselor (LH60458058), in the state of California as a Licensed Professional Clinical Counselor (LPCC6578), and in the state of Texas as a Licensed Professional Counselor (#88891). Seattle Christian Counseling/WA Christian Management, LLC provides office space and administrative support for Amanda Rowett, MA, LMHC. Amanda Rowett, MA, LMHC is responsible for all patient care.

Counseling Orientation: I approach therapy from a holistic framework and focus on the interplay between the body, mind, soul, and spirit. I use psychodynamic, interpersonal, mindfulness, systems, CBT, attachment, and somatic therapeutic modalities. Therapy is built upon a collaborative alliance, where we work together on the issues that mean the most to you. Your willingness to be honest, open-minded, and work hard will increase the effectiveness of therapy. My goal is to help my clients align with their truest and most solid self, which is often hidden underneath pain. For pain to heal, it must be processed. It takes courage to look within, confront pain and engage in hard conversations. By learning to slow down, listen, and attune to what is happening inside, you will discover how to take care of yourself. My job is to help you relate to yourself in a way that promotes healing. As well as help you create the internal structure needed to increase your functioning in life. Therapy with me looks like: asking questions, changing unhealthy beliefs, identifying obstacles, uncovering root issues, discovering triggers and patterns, processing trauma, shifting styles of relating, discovering your voice, awareness of relational dynamics, considering alternative perspectives, self-compassion, self-regulation, listening to your body, connecting to your heart, practicing boundaries, self-advocacy, receiving feedback, uncovering blind spots, self-confrontation, tolerating discomfort for growth, facing fears, increasing capacity, improving self-care, discovering strengths, and healing younger self. I practice from a Christian perspective, which means I create space for you to connect to God and invite Him into your healing process. I believe all people should be treated with dignity and respect. The atmosphere I seek to cultivate is one of honor, permission, and freedom.

Fees: The fee for counseling is **\$175** per 53-minute session for individuals and couples. Fees are adjusted annually on January 1 and will not increase more than 10% per year. Payments (cash, check, or credit) are to be made at the beginning of each session. In addition to your session fee, there will be a fee for using your credit card, which will be the exact amount the credit card company charges Seattle Christian Counseling/WA Christian Management, LLC. Fees change regularly but will range between 2.5%-4% of your transaction. If you would like to know the exact current rate, please ask your therapist at the time of your appointment. A \$40 fee will be charged for returned checks. Unpaid balances incur the maximum finance charge allowed by law after 30 days. Outstanding balances may be sent to a collection agency.

Missed Appointments: In the event that you are unable to keep an appointment, please notify me a minimum of one day (24 hours) in advance. **If you miss your appointment for whatever reason and fail to give me adequate notice, you will be responsible for the full fee for the session.** If you are late, I will still stop at our regular ending time in order to keep my schedule, and you will still be required to pay for the entire session. In the event of a missed appointment, the bill will reflect a late cancellation instead of a clinical session. Most insurance companies will not reimburse for missed appointments. If I have an emergency, I will notify you as soon as possible of my need to reschedule our appointment.

Termination of Treatment: When you wish to terminate treatment, please give a minimum of one week's notice. You may terminate treatment at any time without moral, legal, or financial obligation beyond payment of services already rendered. It is expected that we will discuss the prospect of termination so that both parties will be clear about any details that need attention as part of the termination process. If you fail to schedule a future appointment, cancel a scheduled appointment, or fail to keep a scheduled appointment and do not contact me within 30 days of the date of last recorded contact, it will be understood that you have terminated treatment. I shall have no further obligation to you once treatment has been terminated.

Testifying in Court: If you become involved in any legal proceedings that require my participation, you will be expected to pay for all of my professional time. This includes any preparation and transportation time, even if I am called to testify by another party. Because of the difficulty of legal involvement, I charge \$350 per hour for preparation and travel, for attendance (waiting and participation) at any legal proceeding. Having said this, I am not a certified child custody evaluator and will be unable to help you legally if this is your purpose in pursuing treatment with me.

Choosing a Counselor: You have the right to choose a counselor who best suits your needs and purposes. You may seek a second opinion from another mental health practitioner or may terminate therapy at any time.

State Mandated Disclosure: I have broad discretion to release any information that I deem relevant in situations where I believe my patient or others to be at risk of physical harm, physical or sexual abuse, molestation, or severe neglect.

Consultations: I regularly consult with other professionals regarding patients with whom I am working. This allows me to gain other perspectives and ideas about how to better help you reach your goals. These consultations are conducted in such a way that confidentiality is maintained.

State Registration: Therapists practicing psychotherapy for a fee must be registered or certified with the Department of Health for the protection of the public health and safety. Registration of an individual with the department does not include recognition of any practice standards, nor does it necessarily imply the effectiveness of any treatment. The purpose of the Counselor Credentialing Act (Chapter 18.19 RCW) is (a) to provide protection for public health and safety, and (b) to empower the citizens of the State of Washington by providing a complaint process against those counselors who commit acts of unprofessional conduct.

Unprofessional Conduct: The brochure titled “Counseling or Hypnotherapy Patients” lists ways in which counselors may work in an unprofessional manner. If you suspect that my conduct has been unprofessional in any way, please contact the Department of Health at the following address and phone number:

I understand that “telemedicine” includes the practice of health care delivery, diagnosis, consultation, treatment, transfer of medical data, and education using interactive audio, video, or data communications.

I understand that telemedicine also involves the communication of my medical/mental health information, both orally and visually, to health care practitioners located in Washington or outside of Washington.

Finally, I understand that there are potential risks and benefits associated with any form of psychotherapy, and that despite my efforts and the efforts of my psychotherapist, my condition may not be improved, and in some cases, may even get worse. I understand that there are technological risks specific to telemedicine, including, but not limited to, the possibility, despite reasonable efforts on the part of my psychotherapist, that: the transmission of my medical information could be disrupted or distorted by technical failures; the transmission of my medical information could be interrupted by unauthorized persons; and/or the electronic storage of my medical information could be accessed by unauthorized persons.

I understand that my risks of a privacy violation increase substantially when I enter information on a public access computer, use a computer that is on a shared network, allow a computer to “auto-remember” usernames and passwords, or use my work computer for personal communications; and that I am solely responsible for securing this end of our interaction.

I understand that I am responsible for:

After we connect, I will help my therapist complete a check-in to ascertain the immediate suitability of telemedicine by verifying my name, location, whether I am in a situation conducive to a private, uninterrupted session, and my readiness to proceed. I will maintain current local emergency contact information with my therapist.
